

Why Hungary...?

Affordable Luxury

Holding your wedding reception in Hungary offers you the opportunity to enjoy the luxury and privacy of the exclusive European Lakes Country Club resort. The prices for accommodation, food and drink are many times less expensive than most other European countries. You get great value without having to sacrifice quality.

Accessible

Hungary is at the Centre of Europe and is surrounded by seven European countries. Low cost direct flights from both UK and Ireland, to both Budapest and Balaton airports. Budapest is approx. 240kms (Motorway) from European Lakes (Ryanair, Aer Lingus, Wlasev Hungarian National airline) Wlasev offer special rates and facilities to European Lakes guests. Balaton is approx 80kms and is serviced by Ryanair.

Weather

Generally Hungary has beautiful weather. Spring to November is an excellent time for weddings as we generally have very low rainfall and it is possible to plan a wedding with a very high expectation for great outdoor weather.

Party People

Hungarians love to celebrate and know how to throw a great party. All European drinks are available at the resort including award winning local wines, Guinness, Kilkenny, Czech Bud, all short drinks and whiskeys (incl. Irish) and cocktails.

The music available is as good as anything you will find anywhere whether you book a live chart band, wedding band (mix oldies and charts) or D.J with wedding mix.

Facilities

Beauty, Hair and nail treatments. All top quality facilities available locally before your wedding. Arrangements can also be made for these services to come to the resort on the morning of the wedding to ensure everything is "picture perfect"

Wedding Co-ordinator

The Irish based Wedding Co-ordinator, is at your beck and call to arrange and advise you on every aspect of your special day at European Lakes. Direct Contact kellyobrien@ireland.com
